Product Description

1-5/8 X 1-5/8 Metal channel C channel

These channels can be utilized in the construction of railings and handrails, providing structural support and safety.

Strut channels are often used in the installation of conveyor systems, providing a reliable framework for material handling.

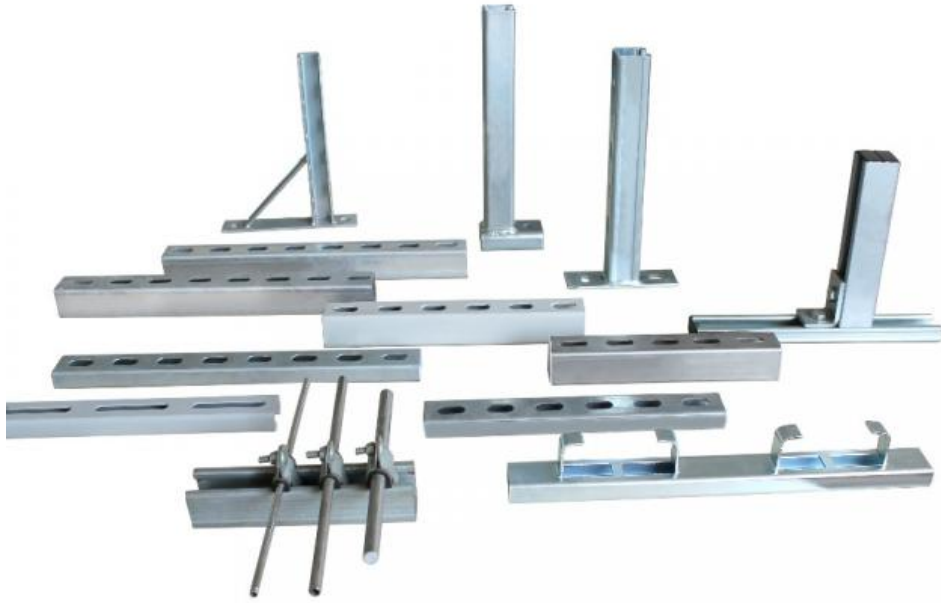

They offer compatibility with various types of scaffolding accessories, allowing for safe and efficient construction and maintenance work.

Product Description

Product Name	1-5/8 X 1-5/8 Metal channel U channel C channel HDG channel
Material	stainless steel carbon steel
Certification	ISO9001
Finish	PG, EG, HDG, POWDER COATING
MOQ	500PCS
PORT	Shanghai , Ningbo...etc
Payment	T/T, L/C....etc
Used	building industry
