Product Description

Riser Clamp

1. Pipe with same metric diameters may have different outer diameters, clamps (hanger) shall be selected based on the outer diameters. Especially, customers shall be aware, when ordering, of the fact that imported pipes metric diameter and corresponding outer diameters have major differences with those of domestic pipes. Thickness of insulation shall be included in the outer diameter if there is any.

2. Select clamps hanger with PVC sleeve in Type xxxL when it is required to prevent corrosion due to potential difference between the clamps and piped or vibration resulted from high speed flow of the medium in the pipes.

3. Champs (hangers) are manufactured from cold-rolled low-carbon steel with galvanized finish.

4. Clamps (hangers) are also available in stainless steel on special order.
